### What is a Webinar?

- A webinar is a seminar in which you can participate **without leaving your home or office**
- You participate while sitting at your desk in front of your computer and using a nearby phone. **Please allow 15 minutes prior to log in.**
- It **only takes an hour** out of your time and you don't have to travel anywhere to hear the latest information.
- It **won't cost you a cent**, just an hour out of your time.
