About ABARES and the Regional Outlook conferences

The Australian Bureau of Agricultural and Resource Economics and Sciences (ABARES) is the research arm of the Australian Government Department of Agriculture. ABARES provides professionally independent research, analysis, forecasts and statistics on the agriculture, fisheries and forestry sectors.

ABARES Regional Outlook conferences are an essential part of our delivery of commodity forecasts and research results directly to rural and regional communities. Each conference program is tailored to the region. ABARES invites collaboration to sustain the way of life and prosperity of all Australians.
